# Clinical Pediatrics—Subject Index, 1980

## A

- Abortion, patterns in teenagers, 831
- Abdomen, right upper, sonographic evaluation of disease in, 591
- Accidents, repetitive, in children, 284
- Acute lymphoblastic leukemia, letrile and, 363
  - septicemic melioidosis and, 697
- Adenitis, cervical, aerobic and anaerobic bacteriology of, 693
- Adenoidectomies, familial clustering of, 276
- Adenovirus type 4, disseminated infection with, 427
- Adolescent(s), adrenal insufficiency and delayed pubarche in, 827
  - bacterial epididymo-orchitis in, 812
  - benign hypertrophic gastropathy in, 533
  - childbearing and abortion patterns of, 831
  - dental trauma in, 166
  - drug, alcohol and cigarette use by, 58
- Adolescent, group C streptococcal tonsillitis and tonsillectomy in, 829
- relationship with physician, 50
- underweight, 819
- vaginal discharge in, 799
- varicocele in, 810
- Adrenal insufficiency, adolescent, delayed pubarche in, 827
- Alcohol, use by high school seniors, 58
- Alpha-1-antitrypsin, deficiency of, pyloric stenosis and hyperbilirubinemia and, 293
- Amantadine, influenza and, 416
- Ambulation, maintenance in Duchenne muscular dystrophy, 383
- Ambulatory Pediatric Association, 305
- Antihistamine, oral, for serous otitis media, 342
- Antiparasitic drugs, availability from CDC, 710
- Appendix, intussusception of stump of, 432
- Arthritis, evaluation of, 183
- Arthralgia, evaluation of, 183
- Ascites, neonatal, hepatitis and, 374
- Aspiration, endotracheal, of foreign bodies, 480

## B

- Bacteremia, *Bacteroides fragilis*, 639
  - pneumococcal, in febrile infant and young child, 457
  - Shigella sonnei*, 145
- Bacteriology, aerobic and anaerobic, of cervical adenitis, 693
- Bacteroides fragilis*, neonatal pneumonia and, 541
  - osteomyelitis and bacteremia caused by, 639
- Beckwith-Wiedemann syndrome, prune belly syndrome and, 485
- Bone scans, of children with osteomyelitis, 597, 600
- Bookshelf, 127, 133, 140, 224, 236, 250, 260, 270, 283, 288, 328, 339, 347, 376, 391, 397, 404, 411, 423, 429, 437, 477, 528, 548, 553, 583, 601, 614, 627, 678, 688, 696
- Breast feeding, knowledge of secondary school girls concerning, 825

- Burgkmair, early painting of rachitic infant by, 194

## C

- Calculus, of submandibular salivary gland, 562
- Care check sheet, for the well child, 290
- Cat-scratch disease, encephalopathy and, 233
- Catheterization, clean intermittent at home, for children with myelomeningocele, 743
- Cephalhematoma, retroauricular, as sign of posterior fossa subdural hematoma, 631
- Chickenpox, streptococcal infection and, 495
- Childbearing patterns in teenagers, 831
- Child(ren), accident repeater, 284
  - acute lymphoblastic leukemia in, septicemic melioidosis and, 697
  - arthritis-arthralgia evaluation in, 183
  - bacterial epididymo-orchitis in, 812
  - benign hypertrophic gastropathy in, 533
  - dental trauma to, 166
- Children, development in inpatient service, developmental case conference to teach pediatrician about, 261
- Duchenne muscular dystrophy and, maintenance of ambulation in, 383
- erythrocyte sedimentation rate elevation in, illnesses associated with, 175
- febrile, occult pneumococcal bacteremia and, 457
  - with galactosemia, development of, 38
- laughing seizures in, 295
- lead poisoning in, 245
- micropsia in, 297
- with myelomeningocele, clean intermittent catheterization at home, 743
- naming of, 267
- normal, *Listeria* meningitis in, 708
- PCP intoxication in, 510
- pneumococcal vaccine and, 96
- preschool, management of sexual offenses against, 686
- primary health care in Soviet Union, 420
- primary thrombocythemia in, 298
- probable tobacco addiction in, 56
- recurrent parotitis in, 235
- selective hearing screening for, 473
- self-destructive behavior by, 451
- sexual offenses against, 679
- sonographic evaluation of right upper quadrant disease in, 591
- splenectomized, with sickle cell disease, infection in, 102
- suicidal, 447, 449
- unconscious national conspiracy against? 10
- urinary tract infections in, 121
- vaginal discharge in, 799
- wandering spleen in, 221
- well, care check sheet for, 290
  - routine examination of, 251
- Wolff-Parkinson-White syndrome in, evaluation and correction of, 575
- world-wide health status of, 47

## SUBJECT INDEX

Chinese restaurant syndrome, 705

*Chlamydia trachomatis*, pneumonia caused by in infancy, 109

Chromosomes, abnormal, in newborns of hepatitis B surface antigen carrier mothers, 66

Cigarettes, use by high school seniors, 58

Clotting, disseminated intravascular, from snake bite, 229

Clustering, familial, of tonsillectomies and adenoidectomies, 276

Coagulation, disseminated intravascular, from kala-azar, 139

Computerized tomography, for detection of intracranial pressure in whiplash-shaken infant, 633

head injury and, 719

Congenital asymmetrical crying facies, 673

Constitutional delay of growth, familial short stature vs., 31

Convulsions, febrile, 361

Crystalluria, primidone intoxication and, 706

Cyanotic attacks, recurrent in infants, due to unilateral upper airway obstruction, 563

### D

Dentition, trauma to in children and adolescents, 166

Developmental case conference, to teach pediatricians about child development in inpatient service, 261

Diabetes, management of with portable pump, 609

Diet, quackery and, 438

Drugs, use by high school seniors, 58

Duchenne muscular dystrophy, maintenance of ambulation in, 383

### E

ECHO virus 22, hemolytic uremic syndrome and, 125

Edema, fetal, 334

Encephalopathy, cat-scratch disease and, 233

Epididymo-orchitis, bacterial, in children and adolescents, 812

Epispadias, female, 212

Erythrocyte sedimentation rate, elevated, illnesses associated with, 175

Examination, routine, of well child, 251

### F

Facies, congenital asymmetrical crying, 673

Familial short stature, constitutional delay of growth vs., 31

Feeding(s), nasojunal, in infants with increased intracranial pressure, 409

Fever, convulsions and, 361

in first six months of life, 77

seizures and, 731

Foreign bodies, endotracheal aspiration of, 480

### G

Galactosemia, child development and, 38

Gastroenteritis, oral metallic mercury for, 435

Gastropathy, benign hypertrophic, 533

Gestational age, accuracy of determination of, 319

Gilles de la Tourette Syndrome, deleterious effects of hyperactivity drugs and, 453

Glucopate, renal imaging with, 615

Gonorrhea, screening for, 795

Goodpasture's syndrome, plasma exchange and immunosuppression and, 488

Graves' disease, latent, activation of in children, 160

Growth chart, single continuous boy-girl, for office use, 546

Growth, constitutional delay of, familial short stature vs., 31

### H

Head, injury to, computerized tomographic scanning of, 719

Health, of children, world-wide status of, 47

Health care, primary, of mothers and children in the Soviet Union, 420

Hearing, selective screening for in young children, 473

Hematoma, posterior fossa subdural, retroauricular cephalhematoma and, 631

Hemodialysis, hemolytic uremic syndrome and, 640

Hemolytic uremic syndrome, ECHO 22 infection and, 125

hemodialysis and exchange transfusion in, 640

*Hemophilus influenzae*, infections with, 86

Reye syndrome and, 357

Hemorrhage, pulmonary, from chest tube placement for pneumothorax in neonates, 624

Hepatitis, neonatal ascites and, 374

Hernia, "acquired" congenital diaphragmatic, following group B streptococcal pneumonia, 662

Hydrops fetalis, 334

Hyperactivity, deleterious effects of drugs for, Gilles de la Tourette syndrome and, 453 relaxation training and, 497

Hyperbilirubinemia, pyloric stenosis and, with alpha-1-antitrypsin deficiency, 293

Hypertension, persistent pulmonary, vs. neonatal total anomalous pulmonary venous return, 644

Hypoglycemia, 567

Hypothermia, neonatal, in a developing country, 401

Hypothyroidism, congenital athyrotic, discordance for in one monozygotic twin, 63 early clinical recognition of, 782

### I

Immunologic agents, availability of from CDC, 710

Immunosuppression, Goodpasture's syndrome and, 488

## SUBJECT INDEX

Infant, Chinese restaurant syndrome in, 705  
 chlamydial pneumonia in, 109  
 cyanotic attacks from unilateral upper airway obstruction in, 563  
 febrile, occult pneumococcal bacteremia and, 457  
 with galactosemia, development of, 38  
 gestational age, methods to determine, 319  
 high-risk, family-acquired respiratory disease in, 325  
 intracranial pressure in, nasojunal feedings and, 409  
 mastoiditis in, 549  
 PCP intoxication in, 510  
 rachitic, early painting of by Burgkmair, 194  
 with Robin anomaly, management of, 519  
 wandering spleen in, 221  
 Infection, disseminated, adenovirus type 4 and, 427  
 ECHO 22, hemolytic uremic syndrome and, 125  
*Hemophilus influenzae*, 86  
 Reye syndrome and, 357  
*Mycobacterium avium*, 131  
 nosocomial, 205  
 streptococcal, chickenpox and, 495  
 urinary tract, in children, 121  
 Influenza, amantadine and, 416  
 Intoxication, with primidone, crystalluria and, 706  
 Intussusception, of appendiceal stump, 432

### J

Juvenile paresis, congenital neurosyphilis and, 142

### K

Kala-azar, intravascular coagulation and, 139  
 Kidney, gluceptate imaging of, 615

### L

Laetrile, acute lymphoblastic leukemia and, 363  
 Laughing seizures in children, 295  
 Lead poisoning, 245  
 Letters to the Editor, 216, 440, 501  
*Listeria*, meningitis in normal child and, 708

### M

Mastoiditis, in infants and children, 549  
 Melioidosis, septicemic, acute lymphoblastic leukemia and, 697  
 Ménétrier's disease, 533  
 Meningitis, *Listeria*, in normal child, 708  
 neonatal, 395  
 salmonella, 699  
 Mercury, oral metallic, 435  
 Micropsia, 297  
 Mononucleosis, infectious, beta hemolytic streptococcal pharyngitis and, 463  
 Mother(s), hepatitis B surface antigen carrier, chromosomal abnormality in newborns of, 66

primary health care in Soviet Union, 420  
 Mumps, vaccine, 711  
 Muscular dystrophy, Duchenne, maintenance of ambulation in, 383  
*Mycobacterium avium*, infection with, 131  
 Myelomeningocele, clean intermittent catheterization at home, 743  
 Myiasis, from tumbu fly in West Africa, 231

### N

Naming of children, 267  
 Necrosis, renal cortical, from snake bite, 229  
 Neonate, ascites in, hepatitis and, 374  
 fever in, 77  
 high pulmonary vascular resistance in, 585  
 hypothermia of, in a developing country, 401  
 meningitis in, 395  
 of hepatitis B surface antigen carrier mother, chromosomal abnormalities in, 66  
 pneumonia from *Bacteroides fragilis* group, 541  
 pulmonary hemorrhage from chest tube placement for pneumothorax in, 624  
 total anomalous pulmonary venous return vs. persistent pulmonary hypertension in, 644  
 Neurocristopathy, Ondine's curse and, 665  
 Neurosyphilis, congenital, juvenile paresis and, 142

### O

Obstruction, unilateral upper airway in infants, cyanotic attacks due to, 563  
 Ondine's curse, neurocristopathy and, 665  
 Osteomyelitis, *Bacteroides fragilis* and, 639  
 bone scan diagnosis of, 597, 600  
 Osteopathia striata syndrome, 369  
 Otitis media, serous, oral antihistamine for, 342  
 Over-anxiety, parental, 557

### P

Parent(s), guilt in, self-induced and iatrogenic, 499  
 over-anxious, 557  
 Paresis, juvenile, congenital neurosyphilis and, 142  
 Parotitis, recurrent, in children, 235  
 PCP, intoxication in young children and infants, 510  
 Pediatricians, developmental case conference to teach about child development in outpatient service and, 261 *See also* Physician.  
 Pelvic inflammatory disease, 790  
 Pharyngitis, beta hemolytic streptococcal, infectious mononucleosis and, 463  
 Phencyclidine, intoxication in young children and infants, 510  
 Physician, relationship with adolescent patient and, 50 *See also* Pediatrician.  
 Plasma exchange, Goodpasture's syndrome and, 488  
 Pneumatocele, *Hemophilus influenzae* type B pneumonia and, 151

## SUBJECT INDEX

Pneumococcus, vaccine for, 96  
 Pneumonia, chlamydial, of infancy, 109  
   group B streptococcal, "acquired" congenital diaphragmatic hernia following, 662  
   *Hemophilus influenzae* type B, pneumatocele formation with, 151  
   neonatal, *Bacteroides fragilis* group and, 541  
 Pneumothorax, pulmonary hemorrhage from chest tube placement for in neonates, 624  
 Poisoning, lead, 245  
 Polyp, gastric, of umbilicus, 431  
 PPD-tine test, tuberculin time test vs., 389  
 Pressure, intracranial, computerized tomographic detection in whiplash-shaken infant syndrome, 633  
   nasojejunal feedings in infants with, 409  
 Primidone, intoxication, crystalluria and, 706  
 Prune belly syndrome, Beckwith-Wiedemann syndrome and, 485  
 Pubarche, delayed, in adolescents with adrenal insufficiency, 827  
 Pump, portable, diabetes management with, 609  
 Pyloric stenosis, hyperbilirubinemia and, with alpha-1-antitrypsin deficiency, 293

## Q

Quackery, diet and, 438

## R

Relaxation training, for hyperactivity, 497  
 Resistance, high pulmonary vascular, in the neonate, 585  
 Respiratory disease, family-acquired, in high-risk infant, 325  
 Reye syndrome, *Hemophilus influenzae* infection and, 357  
 Rhinitis, allergic, 655  
 Robin anomaly, management of infants with, 519

## S

Safety, developmental surveys of, 350  
 Salmonella, meningitis with, 699  
 Seizures, febrile, 731  
   laughing, in children, 295  
 Select Panel on Child Health, 7  
 Self destruction, in young children, 451  
 Sexual offenses, against children, 679  
   management in preschoolers, 686  
*Shigella flexneri*, conjunctivitis and ethmoiditis from in an infant, 831  
*Shigella sonnei*, bacteremia from, 145  
 Short stature, familial, constitutional delay of growth vs., 31  
 Sickle cell disease, in splenectomized children, infection and, 102  
 Smallpox vaccination, 124

Snake bite, disseminated intravascular clotting and renal cortical necrosis from, 229  
 Sonography, right upper quadrant disease evaluation by, 591  
 Spleen, wandering, in infancy and childhood, 221  
 Streptococcus, infection with, chickenpox and, 495  
 Stump, appendiceal, intussusception of, 432  
 Suicide, attempted, 448  
 Surgery, for correction of Wolff-Parkinson-White syndrome, 575  
 Survey(s), developmentally oriented, of safety, 350

## T

Teratogenesis, behavioral, possibility of, 484  
 Test(s), tuberculin, comparative study of, 389  
 Tetracycline, pediatric use of, 498  
 Thrombocythemia, primary, in children, 298  
 Tine test, PPD, vs. tuberculin, 389  
 Tobacco, probable addiction of child to, 56  
 Tonsillectomy(ies), in adolescent with recurrent group C streptococcal tonsillitis, 829  
   familial clustering of, 276  
 Tonsillitis, tonsillectomy for in adolescent with group C streptococcal, 829  
 Transfusion, exchange, in hemolytic uremic syndrome, 640  
 Tuberculin time test, PPD-tine test vs., 389  
 Tumbu fly, myiasis from, in West Africa, 231  
 Twin, monozygotic, discordance for congenital athyrotic hypothyroidism in, 63

## U

Umbilicus, gastric polyp of, 430  
 Uremic syndrome, hemolytic, ECHO 22 infection and, 125  
 Urinary tract, infection in children, 121

## V

Vaccine(s), mumps, 711  
   pneumococcal, 96  
   smallpox, 124  
 Vaginal discharge, in children and adolescents, 799  
 Varicocele, in adolescents, 810  
 Venous return, total anomalous pulmonary, vs. persistent pulmonary hypertension in the newborn, 644

## W

Whiplash-shaken infant syndrome, computerized tomographic detection of elevated intracranial pressure in, 633  
 Wolff-Parkinson-White syndrome, evaluation and correction of, 575
